

THE BIRDS ARE SAFE
FROM GROVER'S GUNPRESIDENT IS HOME FROM
HIS SHOOTING TRIP.

Got Back Shortly After Noon Today—
U. S. Minister in Spain Instructed
To Demand an Apology and Insist
That Orders Be Issued To Prevent
Future Rows.

Washington, March 16.—President
Cleveland arrived home from his shoot-
ing trip shortly after noon.

Washington, March 15.—Secretary
Gresham to-day received the following
affidavit from Captain Crossman, the
commander of the steamship Allianza:
"S. S. Allianza, New York, March 14,
1895.—The American steamship Allianza,
of the Columbian Line, running
between the ports of New York, United
States of America, and Colon, Republic
of Colombia, under my command, was
on her homeward voyage March 8, at
6:30 a. m. of that date. F. W. Russell,
second officer, was officer of the deck,
and at his station on the bridge. Mr.
Russell reported to me that there was a
steamship under the lee to the west-
ward steaming to the eastward. I went
on deck. From the bridge with the aid
of my marine glass I made her out to
be a barkentine-rigged steamer, and
shortly afterward I decided that she
was a war vessel. We continued our
voyage, although I was steering a trifle
more eastward, so as not to approach
the coast of Cuba within less than four
miles, owing to the fact that I had read
a dispatch in the Panama newspaper
called the Star and Herald that there
was trouble on the island of Cuba and
that a Spanish gunboat was patrolling
the water around the east end of the
island.

"About five minutes, or possibly a lit-
tle less, after the salute I heard a gun
fired and turned to see what it meant.
At the same time Mr. Russell reported
that the Spaniard had fired a blank
cartridge. I simply assumed that as I
was on the high seas I did not intend to
stop, so he could fire away, without three
or four minutes after the first, and
shortly afterward at intervals of a few
minutes three more guns with solid shot
were fired at us. All fell short, two off
the port quarter and the last astern of
the starboard quarter, striking the wa-
ter about a quarter of a mile distant.

"I omitted to state that, upon looking
at the Spaniard, after hearing the first
gun, I found he had altered his ship's
course again. He was heading directly
for us and without doubt steaming at
his best speed. I judged that we were
steaming faster than he, so I did not
give any orders to increase our speed.
I found that we were gradually gaining
on him, and at 8:30 a. m. he was fully
five miles astern, and I saw that the
gunboat was heading to the west, ap-
parently giving up the chase. We had
Cape May's lighthouse bearing west,
distant four and one-half miles fully,
at 7:52 a. m., ship's time.

"JAMES A. CROSSMAN."

GRESHAM'S MESSAGE.

Text of the Instructions Sent to Minis-
ter Taylor.

Madrid, March 16.—Minister Taylor
to-day received the following message
from Washington:

"Taylor, Minister, Madrid.—This de-
partment is informed that on the 8th
inst. the United States mail steamship
Allianza, on her homeward voyage from
Colon to New York, when six miles
from the coast of Cuba, off Cape May's,
was repeatedly fired upon by a Spanish
gunboat with solid shot, which, for-
tunately, fell short. The windward
passage where this occurred is the nat-
ural and usual highway for vessels ply-
ing between ports of the United States
and the Caribbean sea. Through it sev-
eral regular lines of American mail and
commercial steamers pass weekly with-
in sight of Cape May's. They are well
known and their voyage embraces no
Cuban port of call.

"Forcible interference with them can-
not be claimed as a belligerent act,
whether they pass within three miles of
the Cuban coast or not, and can under
no circumstances be tolerated when no
state of war exists. This government
will expect prompt disavowal of the
unauthorized act and due expression of
regret on the part of Spain and it must
insist that immediate and positive or-
ders be given to Spanish naval com-
manders not to interfere with legiti-
mate American commerce passing
through that channel and prohibiting
all acts wantonly impeding life and
property lawfully under the flag of the
United States.

"You will communicate this to the
minister for foreign affairs and urge the
importance of prompt and satisfactory
response."
GRESHAM."

Coke Workers Get a Raise.

Mount Pleasant, Pa., March 15.—Not
since the halcyon days of the old syn-
dicate has the Connellsville coker re-
ceived such pleasant news as came to
the 10,000 employees of the Frick and
Southwest companies at noon yesterday
when notices were posted at all their
works stating that an advance in wages,
averaging about 15 per cent, will go into
effect on April next. The rate for min-
ing 100 bushels goes from 78 to 90 cents,
drawing from 43 to 50 cents and so on
down through the different kinds of
labor. The yard laborer is the only per-
son who gets no advance, his pay re-
maining at \$1.20 per day.

Firebugs Try to Burn a Catholic Church.

Boston, March 16.—The common
council has passed an order requesting
Mayor Curtis to offer a reward of
1,000 for the detection and conviction
of the person or persons who set fire to
St. Anne's Church, Dorchester, South Bos-
ton, and St. Peter's Church, Dorches-
ter. The churches are all Roman Cath-
olic and were fired within eight days.
The two former were destroyed and the
latter was slightly damaged by fire.

Mrs. Christine Hawley spent the
day in Brodhead.

THE SAFES DESTROYED.

Money Loss in the Vandalla Wreck Will
Run into the Thousands

Terre Haute, Ind., March 16.—The
wreck on the Vandalla early yesterday
morning was a "lucky" one as to the es-
cape of the passengers and the train
crews, only five being slightly injured,
but the loss of money in burning of the
express car containing the through
sealed safe from New York for St. Louis
is large. Just how much is not known
here, but enough is known to warrant
the assertion that it is well up in the
thousands and may be more than \$100,-
000.

An official account of the wreck, ren-
dered by the officials, showed that the
injured are:
ENGINEER DAILY, slightly bruised,
cut in hip.
FIREMAN HANLEY, slightly cut in
face.

BAGGAGEMASTER E. R. STORMS,
back sprained.
CONDUCTOR J. RAHM, left wrist
sprained and bruised on the hip.

W. P. Kitt of the "Irish Hearts" com-
pany, wrist sprained; a lamp fell on his
head, making a cut which is not serious.
ADOLPH GAGG.
M. HIGGINS.
W. G. SAGE.

The train was delayed three hours and
fifty minutes. The passengers all went
forward in the regular cars.

FOR PARLOR CAR BILL.

Michigan Senator Will Make a Deter-
mined Effort to Have It Passed.

Lansing, Mich., March 16.—Early in
the legislative session a bill was in-
troduced by Senator Jewell providing
for taxing parlor, palace, sleeping, and
dining car companies. Yesterday a
motion was made to take the measure
from the general order and refer it to
the railroad committee. This was op-
posed by Jewell, who asked that the bill
go to the judiciary committee and such
reference was made. The house killed
the bill amending the state life stock
law preventing the spread of infectious
diseases among animals; providing for
a state tax statistician; and providing
for the assessment of all maritime
property at the place where the head-
quarters of the firm or corporation own-
ing it is situated. The senate killed
the bill allowing employees to go into
particular insurance organizations where
employees and employers are
mutually agreed. The objection to this
bill was that corporations form insur-
ance organizations and compel em-
ployees to pay exorbitant rates. If an
employee refuses to insure he takes a
chance of losing his situation.

Trial of the Robinsons.

Buffalo, N. Y., March 16.—The most
dramatic scene of the Gibbs murder
trial occurred yesterday while Deputy
Sheriff Abbey of Cleveland told how
Clarence Robinson described the killing
of Gibbs by his wife Sadie. He said
Clarence declared Sadie's alleged con-
fession was a lie and showed how Gibbs
was held up. During the examination
of Detective Cusack the defense tried
to prove Sadie was coerced into making
her confession by threats and intimidat-
ion. Cusack swore Sadie confessed
she fired the shot that killed Montgom-
ery Gibbs. Sadie herself took the stand
and declared Cusack told her Clarence
had another wife, and in that way tried
to induce her to testify against her
husband. Cusack positively denied hav-
ing ever held out any inducements to
Sadie to obtain her confession.

Anti-Pass Still Alive.

Madison, Wis., March 16.—In the as-
sembly yesterday the Hall anti-pass
resolution for a constitutional amend-
ment was reported from committee for
indefinite postponement, but the as-
sembly voted to place it on the calen-
dar, and it will be considered and de-
bated next Tuesday. The defeat of the
measure is freely predicted. It is
claimed that the woman's suffrage bill
has strength enough to pass both
branches of the legislature and go to
the people for ratification.

Warships Go to Honduras.

Washington, March 16.—Capt. Davis
cabled the navy department last even-
ing that he had sailed with the Mont-
gomery from Trujillo for Brewer's La-
gon, Honduras. This movement is in
pursuance of the inquiry with which
the captain is charged in the circum-
stances surrounding the killing near
Brewer's Lagoon about a year ago of
Mr. Renton an American citizen, for
have a salutary effect on the Hondu-
ranian authorities.

Lad Confesses to Burning a Church.

Boston, Mass., March 16.—James A.
Doherty, 17 years old, has confessed to
Fire Marshal Whitcomb that he set fire
to St. Peter's Catholic church the even-
ing of March 6. The marshal said he
had not finished his investigation and
would not make known the details of
the investigation until he had.

Fire in a Texas Town.

Devine, Texas, March 16.—An early
morning blaze destroyed ten buildings
comprising the business portion of this
town. There was no water protection
and the flames swept every house on
the west side of the International &
Great Northern railway track. Loss
\$50,000.

Money for a Big Distillery.

Terre Haute, Ind., March 16.—The
largest distillery ever built will soon be
constructed in Terre Haute. The new
distillery will have a capacity of 10,000
bushels a day and will cost over \$300,-
000. A ten-acre site has been purchased.

Kansas Wheat Not Injured by Cold.

Wichita, Kan., March 16.—Advices
received to-day by grain men here from
various points in southern Kansas
agree that the cold wave has not in-
jured wheat fields, and that the crop is
generally in an unusually promising
condition.

Demands Expulsion of Jesuits.

Toronto, Ont., March 16.—The exec-
utive of the Canadian Protective Associa-
tion in session here yesterday issued a
strong manifesto demanding the im-
mediate expulsion of the Jesuit order from
Canada. It has caused a sensation in
political circles.

THE GAIN IS SMALL

R. J. DUN & CO. SAY

BUSINESS INDICATIONS SLIGHT-
LY MORE FAVORABLE.

The Money Market Is Undisturbed,
while Cotton Prices Are Higher
and Wheat Has Gone Up One Half
Cent—List of Failures Slightly In-
creased.

New York, March 16.—R. G. Dun &
Co.'s Weekly Review of Trade, says:
"Substantially all indications of the
state of business are rather more
favorable. Farm products are a little
higher, railroad earnings a shade bet-
ter, clearing house exchanges a small
percentage larger in comparison with
February, and most of the industries
show a somewhat better front, though
their gain is not large. The money
markets continue undisturbed; the
operations of the syndicate still prevent
exports of gold, and withdrawals from
the treasury have of late practically
ceased.

"The higher price of cotton, which has
risen to 6.06 cents, resulting from the
belief that the acreage this year will
be greatly reduced. Wheat has risen
one-half cent because the government
reports only 50,000,000 in farmers' hands
March 1, though practically nobody in
the trade thinks the estimate correct,
and the accepted estimates are about
60,000,000 bushels higher. Corn has risen
one cent, following wheat; pork, \$1.25
per barrel, and hogs 10 and 12 cents
per 100 pounds.

"The output of pig iron March 1 was
156,379 tons, a decrease since Feb. 1 of
6,412 tons weekly, and the increase of
unsold stocks was 52,900 tons in Feb-
ruary or 13,225 weekly. Since Jan. 1
the weekly output has decreased 11,435
tons, and the accumulation of unsold
stocks has been 125,515 tons. Prices do
not rise, and, except in Chicago, there
seems to be no general increase of de-
mand.

"At Philadelphia prices are no firmer
nor is the demand larger, and reports
of coming advance in coke and ore do
not stimulate buying. Tin is a shade
stronger, but copper lower at 9.37 for
lake. In the cotton manufacture there
are signs of improvement. Sales of
wool were 4,683,290 pounds, against
5,151,700 last year, and markets are
quiet without change, though it is eas-
ier to sell at quotation because prices
have advanced abroad.

"Failures for the week have been 256
in the United States, against 264 last
year, and 57 in Canada, against 53 last
year."

FIGHTS APPOINTING BOARD.

Governor of Indiana Will Appeal to the
Supreme Court.

Indianapolis, Ind., March 16.—Every-
thing now points to a long and bitter
struggle in the courts between Gov.
Matthews and the new appointing
board elected by the legislature, and
Marvin Power to name the directors for
the two state prisons. The governor
refuses to recognize its appointees for
the northern prison. While the legis-
lature made the governor a member of
the appointing board he refused to at-
tend the meeting with the other state
officers. The new directors cannot place
3 warden to succeed Warden French at
Michigan City until their commissions
are properly signed by the governor.
He will appeal to the democratic su-
preme court and hopes to block effect-
ually the republicans from gaining con-
trol of the prisons. The same tactics
will be pursued with regard to the di-
rectors to be appointed for the prison
south. Both Wardens French and Pat-
ten will hold to their offices unless com-
pelled by law to quit.

The fire insurance companies doing
business in the state, it is announced,
will test the one insurance law enacted
by the general assembly, the anti-80 per
cent clause act, on the ground that it
seeks to make the state auditor a judi-
cial officer.

Come from Italy for Revenge.

Duluth, Minn., March 16.—Arcangelo
and Nicholas Cristilli, brothers, yester-
day entered the small general store kept
by Ben Jennette and his wife at Mc-
Gregor and riddled them with bullets.
Italians in McGregor say the bad blood
between the Jennette and Cristilli fam-
ilies was engendered in Italy, where a
brother of Jennette stabbed in a street
row the brother of the Cristillis. The
Cristillis, the store is, followed the
Jennettes to McGregor for the express
purpose of revenge themselves for the
stabbing of their brother.

Bold Hold-Up in Oklahoma.

Guthrie, Okla., March 16.—News of a
bold and daring hold up and robbery
came from Washita. Near dusk the
section house and men were robbed by
two highwaymen. Section Foreman
Woods was hit, the ball entering the
right cheek and coming out at the right
ear. Mrs. Woods was also beaten over
the head with a six shooter, receiving
wounds which are likely to prove fatal.
The booty obtained consisted of \$722 in
money, railroad checks, and three gold
watches.

Wiman Granted a New Trial.

New York, March 16.—Erastus Wi-
man will have another trial. The gen-
eral term of the Supreme court has re-
versed the judgment convicting Mr.
Wiman of forgery in the second degree.
The decision is a voluminous one and
covers many pages of closely typewrit-
ten paper. A second conviction is not
looked for.

To Find New Homes in Georgia.

Atlanta, Ga., March 16.—Ex-Gov. W.
J. Northern said yesterday: "Yes, it is
true I have in hand an enterprise to
locate veterans from the north on
Georgia farms, but it has not yet ma-
terialized well enough for me to give
you the details. You may say, however,
we have tracts of land in Dougherty,
Montgomery, Thomas, Wilcox, Laurens,
and Glenn counties. You may also say
I feel certain I shall succeed in locating
a great colony in Georgia."

MILWAUKEE MURDER

STILL A MYSTERY

HERMAN LOEBER IS DETAINED
BY THE POLICE.

Dead Man Made a Hard Fight For
Life—Fatal Explosion at Wood-
side, Wisconsin—Three Men Found
Dead Near Chippewa Falls—Chair-
man Thom Is Slightly Better.

Milwaukee, Wis., March 16.—The mys-
tery which surrounds the murder of
Stock Buyer Ferdinand Moritz is un-
solved. The police last night arrested
Herman Loeber of No. 536 Thirteenth
street. His wife admits her husband
was arrested, and say: the detectives
searched the house and found the re-
volver in a clothes basket and there was
blood on it.

A post-mortem showed Moritz was not
only stabbed and beaten but that he was
shot. Three bullets were found em-
bedded in the brain. The body shows
there was a desperate struggle. When
found it had the appearance of having
been carried some distance and thrown
upon the ground, as the head lay down-
ward with the feet slightly elevated.
The police believe that the body was
carried in a wagon to the roadside and
then lifted and carried to where it was
found.

Fatal Explosion at Woodside, Wis.

Houghton, Wis., March 16.—An ex-
plosion occurred at the Hancock Chem-
ical works at Woodside, four miles from
here yesterday, killing one man and in-
juring several others. The dead man is:
CHESTINA DOMINICK.

The injured are:
Ciccoff, Stephen.
Lessner, Abram.
Navola, Mattis.
Rilson, Caro.

How the explosion occurred is not
known. It is presumed it occurred in
mixing the chemical. The explosion
took place in the nitroglycerine vault,
where there were 1,000 pounds stored.
The whole plant is a wreck and will en-
tail a loss of \$10,000, with no insurance.

Three Men Dead in the Woods.

Chippewa, Falls, Wis., March 16.—A
party of men hunting in the neigh-
borhood of Ingram yesterday found the
dead bodies of Ed Duffney, John Han-
son, and another man in an old lumber
shanty. From all appearances they
have been dead a number of days, the
bodies being frozen stiff. It is thought
they were accidentally poisoned.

Milwaukee Almshouse Cases.

Milwaukee, Wis., March 16.—The trial
of the almshouse conspiracy case was
resumed in the Municipal court yester-
day. Assistant District Attorney Ben-
nett presented the state's case and
August Jueter, the county clerk, con-
sumed the rest of the day reading from
the records of the county board all that
related to the case.

Chairman Thom Slightly Improved.
Madison, Wis., March 16.—Chairman
Thom is reported slightly better. He is
sleeping and has taken some nourish-
ment. No hope is entertained, however,
of his ultimate recovery.

QUIET AT NEW ORLEANS.

Work Resumed on the Levee and All
Vessels Being Loaded.

New Orleans, La., March 16.—The
scene along the levee yesterday was one
of bustling activity. Nearly every ship
in port which came for the purpose of
receiving cargoes of cotton is now being
loaded. In fact it is not known that
work is at a standstill on any vessel.
Nothing occurred to disturb the peace
of the city. A movement is on foot
among those whose interests are direct-
ly endangered by the recent trouble to
settle the affair, but it will take several
days before anything definite can be
done. The governor does not anticipate
any more trouble. A number of men ar-
rested upon the charge of instigating a
riot were arraigned before the recorder
and were remanded for trial before the
criminal district court or placed under
bonds to appear for hearing.

Grover's Outing Nearly Ended.

Norfolk, Va., March 16.—The light-
house tender Violet came into this port
yesterday. President Cleveland was
looking in splendid health, and told a
reporter that he was feeling excellent.
The President was anxious to hear of
the state of ex-President Harrison's
health and expressed solicitude as to
his present condition. Inspector Lam-
buston expects to put the President
ashore at Washington this evening.

Treasurer Taylor's Extradition.

Washington, March 16.—The Mexican
legation here has not been communicated
with concerning the extradition of Tay-
lor, the defaulting state treasurer of
South Dakota, who has been apprehend-
ed at Vera Cruz, though action is ex-
pected to be taken very soon.

Now a Window Glass Trust.

Pittsburg, Pa., March 16.—When the
leading window glass manufacturers
meet here March 20 it is thought a trust
embracing the principal factories of the
country will be formed. Prices will be
regulated to meet the foreign stand.
For some time past several leading man-
ufacturers have been investigating
prices, and it will not take long for an
understanding to be reached.

Trying Hard to Indict Byrnes.

New York, March 16.—It is probable
the grand jury will report next Mon-
day. By that time Assistant Attorney
Lindsay will have determined whether
or not it is possible for him to indict
Supt. Byrnes. It was a common report
during the Criminal court house to-day
that Mr. Lindsay was straining every
nerve to indict Byrnes.

Tries to Kill His Family.

Clinton, Iowa, March 16.—Cornelius
Judd, while temporarily insane, yester-
day tried to kill his wife, three chil-
dren and himself. His wife held him
in check until aid arrived.

EMIGRATING TO LIBERIA.

Danish Steamer Horsa Will Take Two
Hundred Colored Colonists.

Philadelphia, March 16.—The Danish
steamer Horsa passed out of the Dela-
ware river yesterday en route to Savan-
nah. At Savannah the boat will take
aboard 200 colored passengers, who ex-
pect to make their homes in Liberia.
The movement to Liberia has been on
foot for several years in the south. The
Horsa is a fruit steamer and it is ex-
pected she will bring back a cargo from
Liberia. In the lower hold has been
placed 600 tons of coal and in the upper
are 100 single and double berths built
of wood, on each of which is a com-
fortable mattress and bedclothing. On
the deck of the steamer have been con-
structed two large stoves to cook the
emigrants' food during the voyage.

HAVE NO FAITH IN CHINA.

European Millionaires Are Not Anxious
to Let That Country Have Money.

New York, March 16.—A special dis-
patch from London says: "London fi-
nancial circles are deeply interested in
the question of the floating of the Chi-
nese loan if the negotiation for peace
depend upon China paying a heavy in-
demnities to Japan. The last Chinese
loan was an absolute failure on the
London and continental markets, al-
though it was guaranteed by the cus-
tomers duties at the treaty ports. The
representatives of the Rothschilds and
other large firms here said that no
proposition has been received yet from
China for an indemnity loan. If it is
very large there certainly will be the
greatest difficulty in negotiating it.
There would be less difficulty if Japan
should occupy Peking and administer
the affairs of the Chinese empire."

THINKS WARSHIP SANK.

Mariner Who Sighted Her March 10
Says She Was Then Disabled.

London, March 16.—The steamer
Mayfair, from Barcelona, reports that
on the morning of March 10 she sighted
the missing Spanish warship Reina Re-
genta between Tarifa and Cape Espar-
tel. The warship had lost her funnel
and bridge and was apparently unman-
ageable, although she did not request
assistance. The Mayfair's captain does
not think that she was able to outride
the storm which prevailed. Madrid,
March 15.—The Spanish cruisers Iola
de Luzon and Alfonso XII. have care-
fully searched the waters of the Span-
ish and African coasts and the straits,
but have found no trace of the missing
warship.

MUST BE PUNISHED.

Italian Publication Editorializes on Out-
rage at Walsenburg.

Rome, March 16.—The Giornale to-
day referring to the killing of the Ital-
ians at Walsenburg, Col., says that the
Italians were certainly in the wrong if
they killed Hixon, the saloonkeeper.
"But that does not justify the sum-
mary lynching of the prisoners. The
importance of the law is nevertheless
evident and it is to be hoped that the
United States will act firmly and rap-
idly, punishing the guilty and giving
satisfaction to Italy."

NOT MUCH BUSINESS.

Very Dull Session of the Illinois Leg-
islature Friday.

Springfield, Ill., March 16.—The ses-
sion of the senate yesterday was per-
fectly uneventful. The senators all
went home Thursday night. The house
was in session a few minutes, but be-
yond the introduction of a lot of bills
nothing was done. Both bodies will re-
convene Monday evening, but business
will not be resumed before next Tues-
day morning. In the house bills were
produced as follows: Mr. Lowenthal—
To abolish the office of printer expert.
Mr. Callahan—To revise the laws gov-
erning all classes of insurance com-
panies except fire and life, the bill being
prepared with the approval of the state
insurance department.

Mr. Mauritzson—Amending the law in
relation to evidence and depositions in
civil cases, provided that no person who
would, if a party thereto, be incompe-
tent to testify shall become competent
by any assignment or release of his
claim, if it shall appear that such as-
signment or release was made for the
purpose of rendering such person a com-
petent witness.

Hope Abandoned.

Tangier, Morocco, March 16.—All
hope of finding the Spanish warship
Reina Regenta safe has been aban-
doned. Fear has changed to conviction
that it foundered in the frightful storm
of Sunday and Monday and that all of
the 420 persons on board have perished.
The Reina Regenta cost \$500,000. It
had brought here the Moorish embassy,
which went to Spain to close up the
Melilla incident. After landing the sul-
tan's officials it sailed March 10 for Ca-
diz. It is supposed it went down off
Cape Spartel.

Narrow Escape from a Wreck.

Elkhart, Ind., March 16.—Lake Shore
& Michigan Southern vestibuled limi-
ted passenger train No. 15 had a close
call from a wreck while coming into
this city yesterday. The train was run-
ning fast along a high embankment
when the engine struck a broken rail
and jumped the track. It slowed
down gradually without the passengers
or other trainmen knowing anything
had happened. The train ran an eighth
of a mile before it was stopped, and had
the brakes been put on full force at first
railroad men say the whole train would
have left the track and a fearful wreck
would have resulted.

Uncle Sam May Try to Purchase Cuba.

Washington, March 16.—Disturbances
in Cuba have caused a renewal of the
talk about the purchase of that island
by the United States, and a proposition
will in all probability be presented to
the next congress. Three times the
United States has tried to buy Cuba.
Forty years ago \$100,000,000 was offered
for the island and declined. It is said
Spain would rather part with Cuba to
any other country than to the United
States.

FEARFUL ACCIDENT NEAR VI-
ENNA THIS MORNING.

Eighty Men Have Been Taken Out
and Two Hundred Are Still En-
tombled—London Boot Makers
Strike—China and Japan Talking
Peace—Foreign News.

Vienna, March 16.—An explosion
of fire damp in the Albatross mine at
Proppen Austin Silesia, killed many
men this morning. Eighty have been
taken out and two hundred are still
entombed.

Tien Tain, March 16.—Lo Hung
Chang, representing China and
Premier Mutsu of Japan have both
gone to Simoueseki to agree on terms
of peace.

London, March 16.—Two hundred
thousand boot makers went on a
strike to-day.

Where They Will Discuss Peace.

St. Petersburg, March 16.—Infor-
mation from a good source is to the effect
that the peace negotiations between
China and Japan will take place at
Shimonoseki, on the southern point of
the island of Hondu. No armistice, it
is said, will be proclaimed before the
signing of the treaty of peace.

Quiet at Honolulu.

Honolulu, March 7, via San Francisco,
March 16.—Excitement over the recent
rebellion here is gradually quieting
down. The Hawaiian government is
now directing its principal attention
toward the abettors of the insurrection-
ists, who are now on American soil.

St. John's Banker Placed Under Arrest.

St. John's, N. F., March 16.—Ex-Man-
ager Cook of the Commercial bank was
arrested yesterday and will be exam-
ined to-day. Many grave charges are
preferred against him. This is

Mr. and Mrs. E. C. Burdick Surprised—

joyed—Elks Combine Business and

Satisfactory—Hokey Pokey Party.

For a long time back, friends of Mr. and Mrs. E. C. Burdick have been trying to devise some scheme whereby they could keep their surprise party a secret until they got possession of the house. Mrs. Burdick has been taken into the plot repeatedly but her husband always got wind of the approaching fun, and managed to appear at just the right time attired in his "store clothes" and cleanly shaven. Last night it was different. He knew nothing about the affair until a score of friends trooped into his home in the Waverly flats and has not been more surprised since he fell and dislocated his elbow. After the jollity consequent to so complete a surprise had worn itself out, supper was served and the balance of the time was devoted to cards and sociability. The affair was a very enjoyable one the guests being:

Mr. and Mrs.—
L. H. Lee, S. A. Carey.
T. S. Jessup, W. H. Hill.
G. A. Crossman, A. Crawford.
O. J. Wells, E. T. Taylor.
H. W. Coon, R. F. Blanchard.

A Very Enjoyable Musical Event Came off Last Evening.

TALKED OF THE SINGLE TAX.

Pleasant And Instructive Session Of The Fortnightly Club Last Evening.

The single tax theory was thoroughly discussed by the members of the Fortnightly club last evening, the meeting being held with Miss Myrtle Williams at the home of her parents, Mr. and Mrs. W. F. Williams, 157 East Street South. Miss Maud Crane led the discussion and the ground was thoroughly covered. The meeting was a very enjoyable as well as a very profitable one intellectually. The next session will be held next Friday evening and will be a purely social gathering.

THE HOKEY POKEY CLUB PARTY.

Event at the Armory Last Evening Was One That All Enjoyed.

The Hokey Pokey club's party at the Armory was much enjoyed last evening. Smith's orchestra discoursing most excellent music, and the managers having paid that careful attention to details that always results in success. The attendance was not as large as it would have been had there been fewer attractions at other places of amusement, but the party was thoroughly enjoyed by those who did attend it. The floor managers were T. T. Blakely, A. J. Holmes, A. J. Rehberg, John Boyce and F. W. Gibson.

"BREEZY TIME" WAS VERY GOOD

Attraction at the Opera Grand Pleased a Janesville Audience.

"A Breezy Time," as interpreted by an excellent company at the Grand last night, was all that the name suggests. The performance is a farce comedy and cannot fail to please and all the work was put in good hands.

Excellent musical specialties were combined with crisp comedy and the performance was rated as one of the best seen in Janesville this season. Manager Stoddard is figuring on a return engagement for March 27.

Mr. Lorentzen came from Denmark about five years ago, and for the past two years has lived at Emerald Grove, in which time he has not only been a successful bread winner but a winner of the true hand and loyal heart of one of the choice maidens of Rock Prairie. The wedding ceremony was the first one held in the new Congregational church, and it was the most attractive and largest wedding held in the Grove for thirty-five years. A host of kind friends gathered immediately at the bride's home, where the marriage feast was spread in prodigious abundance. SKILLED IN HIS PROFESSION.

Milton T. Middleton An Acknowledged Leader In His Line.

The following is from the Bloomington Eye, Mr. Middleton formerly being a resident of Bloomington: "In this connection we take pleasure in presenting to our thousands of readers a faithful portrait of Mr. Milton T. Middleton, the popular young cutter for W. P. Bolles' merchant tailoring establishment. Although Mr. Middleton has been with Mr. Bolles about eight months, he has already gained an enviable reputation as a superlative garment cutter and fitter. Like all leaders, Mr. Middleton is a close student and a hard worker. He keeps posted upon all

the latest fads in wearing apparel and is thoroughly abreast with the times.

It is a well known and generally accepted fact that Mr. Middleton is a star in his profession. Within a radius of a hundred miles it is universally conceded that for a perfect fitting, thoroughly stylish and up to date garment this clever gentleman must cut it. He is not only a master cutter, but a practical business man as well as having received his mercantile education from no less a personage than the Hon. Ex Postmaster General John W. Wannamaker in his mammoth establishment at Philadelphia. He is ambitious to excel in his chosen field and is enthusiastic. He is never more pleased than when trade is booming and he is driven like an electric motor. He is well educated, an entertaining conversationalist and is in every sense of the word a perfect gentleman. Mr. Bolles congratulates himself upon securing so able an assistant. We sincerely hope that he may become so thoroughly enamored of the Blessed City that he will cast his lot permanently among us."

The Tortures of Dyspepsia.

"The man who speaks of another man as having 'only dyspepsia' does not know anything about dyspepsia. Dyspepsia has a hundred different forms, and each is worse than the other. There is no ailment that human flesh is heir to that is more destructive in its effects. In its mild form it weakens the system so that the man will fall a victim to almost any other disease. The cold which he takes from an exposure which another man would not mind in the least may, at an hour's notice, turn into pneumonia, and almost any attack of pneumonia may prove fatal to a dyspeptic. In its severer forms it may lead to almost any crime of violence. The dyspeptic is irritable and always ready for a quarrel; he is despondent, and a misfortune which another man would regard lightly may lead the dyspeptic to suicide. Dyspepsia is an inability to discharge properly the functions of digestion, and when it is remembered how manifold and complex these are, and how greatly the physical system relies upon them for its support, the man who makes light of dyspepsia only shows his ignorance."

MUTUAL INSURANCE
PLANS PERFECTED

THE AMOUNT OF LIABILITY OF STOCKHOLDERS.

Premium of \$30 Is Paid When a \$2,000 Policy Is Delivered, and the Insured Agrees To Stand Assessments of an Amount Not To Exceed \$30 More.

The adjourned meeting of the Janesville Mutual Fire Insurance Co. was held in the rooms of the Business Men's Association last evening, Dr. Henry Palmer presiding. The constitution was amended, regulating the amount of liability to stock holders to double the amount of the first premium. It was further agreed that no policies should be issued until \$100,000 in insurance had been placed. In other words fifty stock holders each taking a policy of \$2,000 must be ready to do business with the company, before insurance is written.

The rates established are the board companies rates in 1889. Where the rate on a risk is now \$1.80 the old rate would be \$1.60, making the premium on a \$2,000 policy \$30. This premium is to be paid when the policy is delivered, and the insured, who is a stockholder, agrees to stand assessments, if necessary, during the life of the policy, of an amount not to exceed \$30 more. After the sixty dollars is paid, his liability ceases.

The company will do a conservative business, throwing out a large class of risks, that old time companies carry.

The board of directors will meet next Monday evening to complete the organization. If the enterprise leads to the final organization of a good stock fire insurance company, it will be a good thing for the city. Janesville is a good location for this kind of company, and with a paid capital stock of \$100,000 it would be as good as a bank for an investment, and very popular as a business enterprise.

J. A. Richardson of Jefferson City Mo., Chief Enrolling force writes: I am assembly of Missouri, 38th general assembly, to testify to the merits of One Minute Cough Cure. Undisputable Facts

Since Pickwick clothing came into the market, merchant tailor made clothing has taken a great setback, as before this clothing was produced, odd shaped boys and men had to go to mercant tailors to get fitted and pay \$40 a suit. With the Pickwick we can fit any shaped boy or man, and sell the suit for \$20 to \$25, a saving of from \$15 to \$20. A fit is guaranteed in each and every case, and this is something no other ready made clothing house in the city can offer. We fit people—live ones. We don't fit dummies in front of our store. T. J. BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.
It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association. cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each non-subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

VARIOUS NOTES.

How to Make Two Old Gowns Into a New One.

This is a convenient season for women of moderate means. It would be difficult to recall a time when the possibilities of made over garments were so extensive and when such good effects could be obtained from the judicious combination of odds and ends. It is not unusual to see three or four materials in a dress, and if one has the artistic taste to combine them even small pieces can be utilized to excellent advantage. Narrow skirts are made wider by setting in gores at the seams. For example, a skirt of ordinary shape made of suiting in stripes of dull red, dark blue and olive has A shaped pieces about three-fourths of the length of the skirt set in at each seam. These pieces are of blue, matching that in the stripe. These gores are lined with a somewhat stiff material. A thin crinoline answers very well. The gore in the back may extend from the waist line down, and this can be lined with haircloth. The back is then drawn into three or five large flutes, and these may be held in place by tapes and sewed underneath. To make this dress two narrow skirts were utilized, and enough ro-

STREET COSTUME.

mained for the large sleeve tops of the blue, the cuffs being of the stripe. A yoke of plain blue, with the remainder of the waist of the stripe, and a collar of velvet completed a dress that was almost as handsome as one of new material.

Red of all varieties is worn, the bright shades being particularly favored. The old fashioned cherry tint is still highly esteemed as well as the warmer tones.

New skirts are 5 yards wide, some of them 6, but 5 1/4 to 5 1/2 is sufficient for all except very tall women. Among the new fancies in waists are those with slashings from shoulder seams to the bust, through which puffs of bright or contrasting colors are seen.

The costume illustrated is of violet cloth. The ample skirt has a group of plaits on the left side surmounted by a bow of violet velvet. The foot of the skirt is bordered with jet passementerie. The double breasted corsage fastens with large buttons and opens over a plastron of violet velvet. Two revers of velvet cover the shoulders, each edged with jet and having a jet motif in the angles. The draped belt is of velvet and fastens at the back under a choux. The gigot sleeves are plain.

HOW TO DRESS BECOMINGLY.

A Word to the Wise—New Spring Jacket and Hat.

A recent writer, commenting on the fact that women who consider themselves plain frequently neglect to make the most of what power of pleasing nature has given them, says every woman is bound to make herself as presentable as possible. A great many physical defects can be remedied, or, at any rate, made less observable. You will often notice that those who have had complexions never wear veils. Now, a pretty veil with a small spot so placed as not to be dazzling is often very becoming and adds a general finish to the bonnet or hat. Marks on the neck or throat can be very effectively concealed by ruffles, and those who have scars of any kind on their skin should wear soft laces, chiffons or some such becoming arrangements round the neck to hide the objectionable marks. Again, women with thin necks and long chins should always wear soft collars or ruffles instead of the high, stiff collars which have the effect of bringing into greater prominence their bad points. Hands, whether beautiful or ugly, should be well cared for. The nails should

be nicely kept, and if the hand is very large and not of a pretty shape gloves should fit especially well.

It was a Frenchman who said that a pretty woman with bad teeth was never lovely, and an ugly woman with good teeth was never plain.

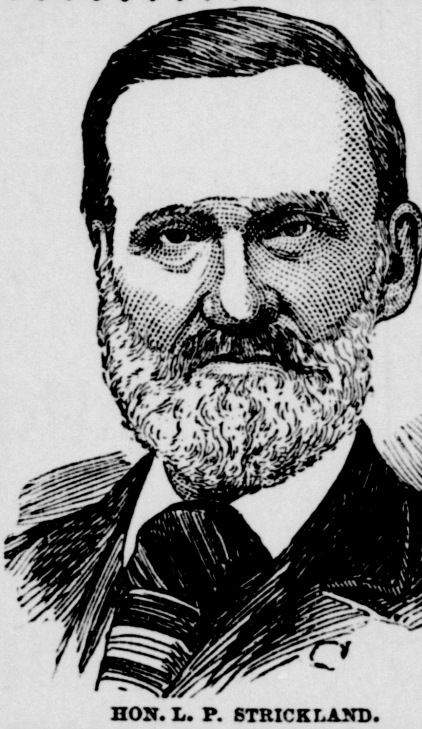

The newest Parisian skirt is composed entirely of godets. It has 11 breadths, the seams being covered with narrow passementerie, and is about six yards around the foot.

The spring jacket shown in the sketch is of kid finished mastic cloth. The basque is rippled all around, and the garment shows a touch of novelty in being single breasted and closing with but one button. The pockets, revers, cuffs and basque are ornamented with arabesques of heavier velvet edged by a narrow bias band. The amazot hat is of black neapolitan braid faced with black velvet. A large bow of auvergine velvet is placed at the side, while clusters of hortensias trim the front and fall upon the hair at the back. JUDIC CHOLLET.

"I had a scrofula sore on my breast," she says, "and was very short of breath, and was terribly nervous. I commenced taking Dr. Greene's Nervura blood and nerve remedy, and soon perceived a wonderful improvement in my condition. The scrofula sore entirely disappeared, and my general health was greatly benefited. I think that it saved my life. My heart used to be so bad that my husband was obliged to jump up and go for the doctor in all haste, and he did not think I would be alive on his return. But this is now all gone, thanks to Dr. Greene's Nervura. I am as well as I ever was, and as tough as a bear. Let all who are sick take this wonderful medicine."

Mrs. Granville A. Sweetland, of 16 Miller St., West Quincy, Mass., tells you how you can be well and strong:

"I was troubled for a long time with sleeplessness, constipation, pain in the back, and great weakness and debility. I took Dr. Greene's Nervura blood and nerve remedy, and after taking four bottles it had helped me wonderfully. The pain in my back was relieved, I could sleep better nights, my constipation was overcome, and my skin was much clearer. I never could have done the work I have accomplished if I had not taken Dr. Greene's Nervura blood and nerve remedy. My father also uses it, and thinks it benefits him more than any other remedy he has taken."

Mr. John Mather, of 433 Broadway, Lawrence, Mass., one of Lawrence's most prominent business men, states:

"For years I was unable to do any work and suffered torture with the pains in my back. My nerves were in such a state that I could not take hold of anything, as I could not keep it in my hands, but would drop it. I was very weak and trembling."

"I expected to die, and have no doubt but for the aid of Dr. Greene's Nervura blood and nerve remedy, I should have been in my grave. I began taking the Nervura, and at once noted the change. The pains left me and my nerves were greatly strengthened. To-day I am a well man, and can do a hard day's work. I have the greatest faith in Dr. Greene's Nervura blood and nerve remedy. I heartily recommend it, and am confident that it will cure."

RUSSIAN BARLEY.

During the campaign last fall a good deal was said about a cargo of Russian barley shipped direct from London by a Milwaukee master by the name of Kraus. It was alleged by the democrats that the whole transaction was a myth, sprung on the people for campaign purposes.

It now transpires that there was no myth about it, but that Mr. Kraus actually bought through James McAlpin, the London representative in Milwaukee, a cargo of 107,000 bushels of Russian barley, the contract price being 47 cents. Mr. Kraus claimed that the cargo was to be of the 1893 crop, and on its arrival in New York he went east to inspect it, and after examination refused to accept the shipment. This left the cargo on Mr. McAlpin's hands and he was obliged to sell on the open market, which he did, Mr. Kraus becoming the purchaser at 41½ cents or 5½ cents less than the contract price. The barley was then shipped to Milwaukee and analyzed by Mr. Kraus, who pronounced it equal to American barley.

He was about to give the public the benefit of his analysis, when Mr. McAlpin, the London agent called on the arbitration committee of the Milwaukee chamber of commerce, to decide the question of quality, claiming that his contract with Mr. Kraus called for 1894 barley, equal in quality to the crop of 1893. The committee was furnished with samples of American and Russian barley, and after a careful analysis decided that the imported grain was equal in every respect to the home product. Mr. McAlpin then called on Mr. Kraus for \$5,800, the difference between the contract price, 47 cents, and the price paid in open market, 41½ cents. Mr. Kraus will carry the case to the court of appeals.

Mr. McAlpin claims that had Mr. Kraus taken the cargo as contracted, that he would have placed at least 1,000,000 bushels in the eastern market during the winter, as under the present tariff it can be profitably done. This transaction is a menace to American farmers. Russia has already captured the German market, and is likely to gain a good foothold in this country, before the pernicious tariff law can be changed. The American farmer who voted the democratic ticket has occasion to congratulate himself.

Will he do it again? Well, not this year; he possesses too much intelligence to be caught in the same trap twice.

For downright imbecility and deliberate suicide, the democratic party captures the medal. It is more than likely that the average German will enjoy his national beverage just as well when brewed from Russian malt, but the German American farmer will be inclined to swear in several languages, when he wakes up to the fact that his barley crop is worth several points less than it would have been, but for foreign competition. There's no good place on American soil for democratic principles. The rank and file of the party might not feel able to stand the expense of a foreign trip; the sympathy that the party has for England entitles it to foreign consideration, and some one has suggested that democracy be colonized in Canada. The suggestion is a good one and necessary funds will be provided for the trip on short notice. There's nothing too good for democracy in Canada, and nothing quite good enough in this country.

SOME LEADERS KICK AGAINST RING RULE

OPEN REBELLION LIABLE TO COME ANY MINUTE.

Democratic Ringmasters Sounded the Tocsin, the Faithful Break Their Necks Getting Into Line, But Now There's Trouble Brewing—Some Fish Commissioner History.

The democratic ringmasters have met, sounded the tocsin, cracked the whip and adjourned.

Mighty are the ringmasters. The untirred have listened, learned, ratified and nearly broken broken their necks to get into line.

Faithful are the untirred.

But—
There's a hitch.

And a serious one.

Some of the workers insist that their party will hold a convention this spring despite the fact that the ring has already done the business.

"Perhaps the party, when it gets together, will endorse the slate, and then, perhaps, they may conclude to nominate somebody else," said one of the party workers who does not believe in secret political societies.

And he meant much.

The Recorder continues silent regarding the programme, and have not even mentioned the fact that the dates for caucuses and convention were named. By the way, it has also leaked out that the secret conclave named P. J. Mout as the "ring" candidate for school-commissioner-at-large, to succeed himself.

But there is another thing.

They say R. Valentine is the first member of the fish commissioner who was not allowed to finish his term regardless of political views.

Let's see.

The Recorder calls it a "blow to Rock county" and states the case like this:

"Rock county 'got it in the neck' again yesterday when Governor Upham removed Richard Valentine as commissioner of fisheries. Mr. Valentine's term of office would not have expired until 1899. This is the first time on record that a fish commissioner has not been allowed to finish his term, no matter what his politics were."

The Recorder never consults a record, but should it take time, it would discover some humorous things relating to R. Valentine and his political affiliations, as well as some facts relating to the fish commissionership. It would discover that the term of Charles L. Valentine, as fish commissioner, expired on April 1, 1893; and that Governor Peck appointed Richard Valentine to succeed him, but never sent the name to the senate for confirmation. The governor had plenty of time to so forward the name had he desired to do so, as the legislature was in session nearly a month after the expiration of Charles L. Valentine's term. However, Richard Valentine at once assumed the duties of the position under the appointment, had a good time at the world's fair, besides enjoying a number of junketing tours with the state fish car. When Governor Upham took possession of the executive office, he found a vacancy existing in the board of fish commissioners, or rather that the name of Richard Valentine had been held from the senate. It therefore, became the duty of the governor to fill the vacancy, and he did so, by forwarding the name of Carrie G. Bell to the senate. No one was removed as there was no one to remove.

NEWS OF THE DAY IN TOWN.

PERHAPS the Gazette ought to have a rapid firing gun as the Recorder suggests, for there is plenty of shot in the republican lockers these days to keep it going night and day. The Recorder has no use for one, however, for when they fire one shot a week from the democratic blunderbuss their ammunition is exhausted.

The only Hygienic whole wheat bread made in the city is made at De Forest's bakery, out of flour that costs \$6 per barrel. All others are nothing but imitations, made out of common flour that costs \$3.40 per barrel. Do not be deceived by buying a cheap grade of goods.

JACOB NELSON SUED BY A. R. RICHARDSON

FIRST CASE OF THE "DOWER INTEREST" SERIES BEGUN.

The Death of Mrs. Spaulding a Few Days Ago Does Not Necessarily Stop Proceedings, as Her Heirs Now Come in For All Due Her.

The first summons and complaint in the suit to recover the dower interest claim made by Mrs. Eliza A. Richardson against property now occupied by several Janesville people was served today, the case being entitled "Adam Rudolph Richardson vs. Jacob and Julia Nelson."

The death of Mrs. Richardson, which occurred at Cobden, Ill., makes a difference in the proceedings but does not end the suit.

Attorneys H. S. Sloan and Smith & Pierce have received a postal card announcing her death but no particulars are known.

On her death her right to dower as claimed by her in her demand ceased—if she had such right to dower, which had not been paid or satisfied, that right, from the service of her demand on the owners of the land, would entitle her heirs—a child of her first husband, D. A. Richardson, and another child of her second husband, to recover of the owners denying her right, such dower right from the date of her demand, to her death.

This demand was made some weeks ago by the serving of notices on the property owners in question, but the first suit was started today when an action was brought by H. S. Sloan and Smith & Pierce on behalf of Adam Rudolph Richardson of Bloomington, Ill., a son of D. A. Richardson, by his first wife, to recover his interest in lot 18, Smith, Bailey & Stone's addition to the city of Janesville. The defendants in this action are Jacob Nelson and his wife. They hold a warranty deed of the property from William M. Talman. This is the first action begun in Rock county and if Mr. Richardson is right in his claims, he is entitled to recover from all persons holding title by conveyance of land that was owned by Daniel A. Richardson at the time of his death in 1850.

NO TRAMPS TAKEN ON FAULTY PAPERS.

CLINTON COMMITMENTS ARE NOT ALL LEGAL.

Constable Rogers Brought Up Four with Credentials That Were Not Worth the Paper They Were Written On, so Sheriff Appleby "Fired" Them Out.

"We are not bothered much with tramps just now," said Sheriff Appleby this morning. "Clinton furnishes regular quotas, however, but we are calling them down on their commitments."

"The other day Constable Rogers came up with four well-dressed tramps who were committed by the Clinton justice for five days each. Some days ago I discovered that the justice down there was sending people up on commitments that were void, so I consulted the district attorney, and other lawyers, and was informed that I laid myself liable to receive a prisoner on such papers. So when the four tramps came in with Mr. Rogers, I examined the commitments, found them irregular and told the whole outfit to get out of doors, throwing the papers after them. They walked off and I have not seen or heard of them since. Just what move they will make to keep up business I don't know, but their papers must be regular if I accept them hereafter."

Now and then a tramp appears in the city, but they never tarry long and are generally willing to get out of town on the first train. The officers keep close watch and consequently few tramp here longer than they are necessarily delayed by the moving of freight trains. The regular tramp appears to be well posted and has long since learned that Rock county is not a paradise for them.

They Met by Chance.
Maiden Aunt—I hope you did not make any chance acquaintances on the train, Maud?
Miss Maud Brisk—I am sorry to say, auntie, that I sat for a little time in the lap of an Episcopal bishop, and watched a United States senator stand on his head in the lunch basket of a total stranger.
Aunt—Horrors, child! What can you mean?
Maud—It was not premeditated, I assure you, auntie, but when our train collided with another we were so upset by the shock that we were hardly responsible for what we did. —Truth.

Our American Aristocracy.
Jones—Mrs. Vanastorbilk is always talking about blood in connection with that French count who is going to marry her daughter. Is he really of a good family?
Smith—O, yes, splendid family.
Jones—I didn't know. She talks so much about blood that I thought perhaps he was a butcher, or his father kept a slaughter house. —Texas Sittings.

A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in that respect than it does. In literature it is rapidly acquiring an enviable place, in war and literature. Indiana, well known as a "crater," "sold," has won an honorable position. During the late war he was a member of Co. B, 2d N. Y. Cavalry and of the 13th Indiana Infantry. Volunteering, he was in an important circumstance he writes as follows:
"Several of us old veterans here are using Dr. Miles' Restorative Nervine, Heart Cure and Nerve and Liver Pills, all of them giving splendid satisfaction. In fact, we have never used remedies that compare with them. Of the Pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the outgrowth of a new principle in medicine, and tone up the system wonderfully. We say to all, try these remedies." —Solomon Jewell, Marion, Ind., Dec. 5, 1894.
These remedies are sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles \$5, by express prepaid. They contain no opiates nor dangerous drugs.

GOUT, RHEUMATISM,

rheumatic gout, or any gouty or rheumatic affection whatever, has its surest remedy in the Carlsbad Sprudel Salt. There's nothing so successful in clearing out the excess of uric acid in the blood. That has been proved in hundreds of years and in thousands of cases at Carlsbad.

So with any of the ailments brought on by sedentary habits—dyspepsia, indigestion, perverted nutrition, constipation, Carlsbad cures them, and cures them permanently.

But the best way is to prevent them. A little Carlsbad Sprudel Salt taken when you suspect any trouble, will keep your stomach and liver and bowels and kidneys in perfect order.

Take only the genuine imported Carlsbad Salt (solidified and bottled at the Sprudel Spring) with signature of "EISNER & MENDELSON CO., Sole Agents, New York," on every bottle.
